## TRAINING DETAILS

## IMPORTANT LINKS

This presentation will cover the Reverse Velocity Jet Tamper (ReVJeT) which is a disrupter/dearmer jet enhancement tool. This tool was developed by the Federal Bureau of Investigation Counter IED Unit. This RTP will be presented by Supervisory Special Agent Ian Vabnick of the FBI CIEDU and Phillip Quillen of the FBI CIEDU, and will include a live range demonstration of the tool. This presentation will be FO/UO and open to active EOD and public safety bomb technicians only.
