to 2pm

MAY 16

Join us for the
**INDUSTRY
SHOWCASE**
Collaboration Expo

**USBTA Bomb Disposal
Technology and Training Center**

4450 Indian Head Highway Indian Head MD, 20640

About this event

The USBTA, on May 16, 2024 from 1000 -1400, will be hosting an Industry Showcase and Collaboration Expo at the USBTA Bomb Disposal Technology and Training Center (BDTTC) in Indian Head, Maryland in conjunction with EOD on the Hill activities.

There will be presentations by the USBTA along with our Federal and DOD partners in support of the EOD/Public Safety Bomb Technician Community. During the day participants will have the ability, at their leisure, to meet and discuss with those from Industry about some of the technologies being displayed and demonstrated.

This Expo will give Industry the opportunity to showcase current and emerging technologies for those in attendance. This event is open for those wishing to understand the importance Industry plays in supporting those Bomb Technicians involved in rendering safe Improvised Explosive Devices.

Presentations by the USBTA and Partners

Morning Reception and
Sign-in start at 0930
Coffee & Lunch is Provided

Open to the Public, Bomb
Technicians, Industry Partners,
& Government Officials
